RAY SAIZ

INTRODUCTION 2.0

He grew up in the circuits since his father was a rider of the Spanish Championship, since he was born he was surrounded by gasoline and two wheels, he went all over Spain watching his father racing, and as a curious fact he remembers having a bike with Yamaha stickers.

One day when he was 10 years old he told his father that if he took him to the circuit, his father retired years ago took the news with great enthusiasm, since he tried the bike on the circuit he has not come down again.
